

“

We would like to take this opportunity to recommend Neal Agrawal with the Preschool Exchange.

We appreciate Neal's aggressive sales approach, professional attitude and dedication to selling our property. His savvy expertise and his connections in the childcare industry single handedly made our transaction happen so quickly.

We appreciate Neal always being available when we needed him and his prompt responses to any questions we had. Neal's organization and knowledge of what items would be needed before they were even requested made the process go even more smoothly than we expected.

Neal is very professional and certainly knows the childcare industry. Neal is also very personable and approachable and we enjoyed having him as our agent. We will certainly use his services again and would definitely recommend him to anyone else looking for an agent.
